"Tenant Improvements" are all alterations for the Government-demised area above the building shell buildout, excluding costs identified as tenant improvements in the Security Unit Price List. Building Specific Amortized Capital (BSAC) is the sum of costs identified as such in the Security Unit Price List. Neither the Tenant Improvements as stated in Block 12, nor the BSAC as stated in Block 13, are to be included in the shell rent. It is expected that the tenant buildout will be fully amortized at the end of the firm term, and the rent will be reduced accordingly. Any desired rent increases or decreases beyond the firm term of the lease should be reflected in the shell rate and fully explained as part of this written proposal. If Tenant Improvements or BSAC improvements are to be amortized beyond the firm term, those calculations must be itemized as part of this written proposal. The Offeror may attach additional pages as necessary.
